

Response to 2002 NAMT Report

I read the NAMT report, I agreed it and it is accurate.

I think that Ms.Feng ask questions in my thinking time during game is not right. It bother my thinking.

Also, NAMT people came at beginning of #3 game and go over clocks. They said players watch the time, not Ms He. Everyone agreed. There should be no more complaint.

Also I want to thanks for the NAMT Committee's working, since we started NAMT, they did very good job every year, If not because of their working, this tournament will be no more. Thanks to everybody!
