Overview

Summary

The AGA Board of Directors approved a multiyear strategic plan, and were joined by AGA officers to review and assess interest in each element. The strategic plan falls into four main categories: organizational improvement, promoting go in the US, improving the go community, and maintaining/progressing on existent projects. The board also discussed the ongoing problem of playing go in the pandemic and the recent appointment of the new AGA Treasurer, Lucas Baker.

Minutes

1. Call Meeting to Order
   a. 7:04pm EST

2. Opening Approvals/Confirmations/Notices
   a. Official notice of Treasurer appointment
      i. Lucas Baker has been approved, is in training for it today.
         Les: We never discussed this appointment.
         Lisa: It was done off-line, his credentials were circulated to you, you had
         the opportunity to discuss, and he received the votes.
         Les: I have two issues- first, do we have a job description for the
         treasurer?
         [Lisa: No, we don’t have a real job description, this is a problem and is
         being worked on as part of our strategic plan, a general description is in
         the by-laws].
         Second- since we have a new treasurer, should we have an audit before
         we transfer? Is it required by law?
         Ted moves to go to executive session [to discuss financial matters], Les
         seconds. Ayes except for Lisa [who abstains], 7:09pm
         Left executive session at 7:21pm
   b. Minutes
      i. Approved unanimously (motioned and seconded via email). Available
         here: https://www.usgo.org/boardminutes/aga-board-minutes-2020-09-13
   c. Conflict of Interest Reminder
      i. Discussed conflict of interest forms, and signed or indicated their intent to
         sign prior to starting the next

3. President’s Report
   a. Status of Jitasa Transition
      i. Lucas Baker has been trained to take over as liaison, and we are using
         both classes and reports.
   b. Status of NAGF
      i. Our pros will be NAGF pros, although we can have prelims. Mexico and
         central america are welcome to join, but are currently part of the Ibero Go
         Association.
      ii. Met with Hajin Lee to discuss pro events and also promotion.
   c. Minor International News Updates
      i. International tournaments are restarting online; for example: Women’s
         Amateur Online Championship, a Chinese Youth Tournament
   d. Other
      i. Ted inquired about the status of rating online tournaments, Andy reports
         that this is an ongoing project and they will discuss offline.

4. Ongoing Business
   a. Ideas for playing go during the pandemic
      i. Ideas for Playing go During the Pandemic (2020)
ii. Lisa reminds the board to work on this document and update it.

5. Discussion of Long-Term Goals and Priorities
   a. Discussion of Strategic Plan
      i. Overall assessment
         1. Ted - I don’t see any mention of club viability. This is a hard time for clubs.
         2. Lisa - this was created from the statements of the board members and officers. I think what you’re seeing is that AGA centrally isn’t the driving force in that, although there are many related sections that will contribute to chapters.
         3. Ted - Why haven’t online tournament ratings been set up yet? It’s been 6 months. The National Go Center has a system of online go ratings, why can’t we use that?
         4. Lisa - It’s not ready for full release yet. We approved this at the last meeting, so at a board level, this is handled. The job of us as the board is to focus on policy, not minutia. If you would like to change the place of online ratings in the strategic plans, we can do so.
      ii. Organizational Improvement
         1. Ted - Should have metrics for success within strategic items. [Lisa agrees, assessment includes Status of Projects/Programs]
         2. Dan - The items are somewhat intertwined, and I feel like we need to have an explicit roadmap of the people involved at all levels from the bottom to the top. I think it’s important to specify the services the AGA provides, or really, the ownership of each project.
         3. Devin - I think a hierarchical structure with specific roles is not a good idea based on my research.
         4. Ted - Why do we need to wait until year 2 to update websites? I have that information ready to go for certain things. [Lisa: content updates can be sent to the webmaster to update at any time, but there needs to be more organizational-level audits of website structure.] I’ve tried and been ignored. [Lisa: That is why we need to work on organizational structure and responsibility in year 1] [Further discussion of operational level issues]
         5. Les - Why do we have to wait 3 years to do these things? [Lisa: Because we don’t have the bandwidth to handle all these issues simultaneously sooner].
         6. Dan - I think that by building up the structure and support in year 1, it may energize people to take on pieces of this to be effective
         7. Chris - It should be more of a priority to allow improved access to community leaders like Ted, and have accountability for this.
         8. Samantha - I think the point Lisa is making is that any system to provide accountability or ticket tracking requires a point person
and an org chart to assign tickets etc. So the year one organizational things must come first.

9. Devin- We could consider gamification.

iii. Promoting Go

1. Ted- should the AGF be mentioned here? [Lisa: We are working closely with the AGF, and Terry will be here later. The AGF should be included, but that’s an operational issue.]
2. Devin- I think it’s important to collect metrics on the life cycle of go players. [Dan agrees]
3. Ted- I think it’s important to say that tournaments and chapters are our lifeblood. [Lisa: This is an important topic, and I am adding it to the Feb. meeting agenda]

iv. Improving the Go Community

1. Dan: I like this part of the plan
2. Ted: I have a problem with the point about supporting “major tournaments”. The chapters organize tournaments, it shouldn’t be about us.
3. Andy- This refers to a specific program for large tournaments that needs to be supported by the AGA. It’s been approved by the board in the past.
4. Ted- I disapprove of it.
5. Chris- There was also a program passed to support smaller tournaments differently.

v. Status of Projects and Programs

1. Ted- Why do we need to wait until year 3 to mentor new TDs? I do it now.
2. Lisa- Yes, but at an organizational level we need to prioritize our backlog of projects before taking on new projects.
3. Andy- This does not limit individuals from taking on projects they have time for, this is an organizational-level thing.

vi. Timeline

b. Discussion of 2020-2021 phase of the Strategic Plan

i. AGA VPs and Coordinators invited to join

ii. Assign responsible persons to each item

1. All items should have at least 1 board member and at least 1 officer.
2. No board member or officer should take ownership of more than 1 item per season.

iii. Action Item (Lisa): Use survey responses and meeting discussion to assign responsible parties, and send summary of assignments.

6. New Business

a. Dan is planning to run a large online tournament in January. Will be announced by the end of the week.
7. **Adjourn**
   Next meeting is February 21st, 2021 at 8pm EST.
   Devin moves to adjourn, Dan seconds, unanimous. Adjourned at 10:04pm EST

Proposed Board Meeting Schedule for 2020-2021 18
Executive Summary

There is much consensus on the purpose of the AGA. The AGA Board and Executive Officers agree that the main goals of the AGA are

1. To spread go to more people in the US;
2. To improve the go community for existing/future members; and
3. To foster knowledge and appreciation for Go in the United States of America.

There are many potential methods of accomplishing these goals, and each go player and organizer may understand them differently. Despite these differences in scope and scale, the AGA Board and Executive Officers were largely in agreement on the main areas that the AGA needs to address in order to pursue its goals.

This strategic plan lays out incremental annual goals for each of the next three years (four years in some areas). There are four main areas on which this Strategic Plan focuses.

1. Organizational Improvement
2. How to increase the effectiveness of the AGA in promoting go to more players in the United States.
   ○ Support for new players
   ○ Outreach and Marketing
3. How to improve the go community for existing and future go players. Plans in this area include:
   ○ General Services and Programs
   ○ Rated Games, Tournaments, and Skill Improvement
4. Status of Programs and Projects
   ○ Status of long-term programs and projects
   ○ Status of new and pipeline programs and projects.

As the AGA is in a period of reorganization, the timelines and milestones laid out in this plan are both more important and more fungible than they might be in normal circumstances. For that reason, it is anticipated that the goals laid out here will be re-evaluated every six months for the three years covered by this strategic plan, with the expectation that re-evaluations will become annual after 2023. The associated reports will be made available first to the AGA Board and executive officers, and then to the membership at large through the AGA’s website.
Organizational Improvement

1. Year 1
   - Hire an Executive Assistant for the AGA (approved by the board in 2019).
   - Catch up with backlog of member/chapter requests.
   - Ascertain the status of all current programs and projects.
     i. Define a list of existing programs and projects.
     ii. Determine who is working on the complete list of programs and projects.
   - Set deadlines for milestones and regular check-ins for each program and project.
   - Create documentation for each existing AGA position, program, and project.
   - Redefine the AGA’s organizational structure, to reflect developments within that structure that have taken place over the past two decades.
   - Create a regular schedule for checking in with volunteers.

2. Year 2
   - Create approval processes for all departments, programs, and projects.
   - Determine which online services the AGA can and/or does provide.
     i. Determine services desired (new and existing)
     ii. Determine services offered
     iii. Map to role within the organization (for responsibility purposes)
   - Update website to reflect current needs of the organization
     i. Many pages on our website are out of date.
     ii. Many recent developments, opportunities, and collaborators are not referenced on the website.
   - Define resources available for new programs and projects.

3. Year 3
   - Develop a larger group of volunteers.
     i. Create a program for volunteer development -- in consultation with experts if appropriate.
     ii. Create a system for supporting volunteers.
   - Establish systems for increased members/chapters input.
   - Complete backlog of existing unfinished projects as of fall 2020.
   - Establish long-term (five- and ten- year plans) for the AGA, in consultation with experts.
Promoting Go

Outreach/Marketing

1. Year 1
   ○ Survey existing teaching and marketing materials.
   ○ In consultation with the Chapters, determine what teaching and marketing materials are needed.

2. Year 2
   ○ In consultation with experts, create a robust fundraising and marketing plan.
   ○ Develop a network of new publications and markets where Go may be promoted.

3. Year 3
   ○ Audit existing communications services and create a plan to determine ways in which member and non-member communication services may be enhanced.
     i. Print/email communications
     ii. Online communications
     iii. Broadcast communications

Support for New Players

1. Year 1
   ○ Conduct a survey of members to determine how they learned about go and what attracted them to it.
   ○ Create and make available materials to support efforts to introduce new people to Go (in consultation with the chapters).

2. Year 2
   ○ Conduct market research on
     i. Whether people have heard of go,
     ii. If they have, why they do/do not play, and
     iii. If they haven’t heard of go, whether they would be interested based on our existing marketing materials
   ○ Collect information on life cycle of members (when they come and go, etc.).
   ○ Define and plan programs that will help new players become a part of the Go community and assess on a lifecycle basis.

3. Year 3
   ○ Implement programs to help new players become a part of the Go community.
   ○ Define and plan programs to support local clubs and organizations that bring in new go players and foster local communities.

4. Year 4
   ○ Implement programs to support local clubs and organizations in promoting go to new players.
   ○ Define and plan programs to support double-digit kyu players in learning and playing Go.
Improving the Go Community

General Services and Programs

1. Year 1
   ○ Conduct a survey of members and chapters about existing member services.
   ○ Create a strategic plan to improve member and chapter services re:survey.

2. Year 2
   ○ Create curricula and establish training and certification programs
     i. Teachers
     ii. Tournament Directors
        1. Online
        2. In-Person
   ○ Implement a strategic plan to improve member and chapter services.

3. Year 3
   ○ Continue implementation of plan to improve member and chapter services.

Rated games, Tournaments, and Skill Improvement

1. Year 1
   ○ Audit the current rating system to determine strengths and weaknesses.
   ○ Create and publicize a plan for implementing online ratings.
   ○ Create a plan for AGA online events
     i. While in-person play is discouraged, and
     ii. After it is safe to resume in-person play.
   ○ Review and update plans created in 2019 for tournaments, once it is safe to resume in-person play.

2. Year 2
   ○ Survey chapters and tournament directors to determine which supports and resources they would like to be made available to them.
   ○ Create a plan to increase chapter resources, based on the above survey.
   ○ Create programs to encourage the resumption of local face-to-face tournaments, when it becomes safe to do so (programs should be ready to go).

3. Year 3
   ○ Implement plans to increase chapter resources.
   ○ Implement programs to encourage the resumption of local face-to-face tournaments, if it is safe to do so.
   ○ Establish mentorship programs for chapter leaders and tournament directors.
Status of Projects and Programs

Existing Programs and Projects
1. Year 1
   ○ Create a complete list of existing programs and projects, as well as associated staff and volunteers.
   ○ Create a list of resources used and needed for existing programs and projects.
   ○ Restart professional certification program.
   ○ Create a plan to expand professional competition in North America.

2. Year 2
   ○ Audit existing programs and projects to determine which
     i. Are functioning well,
     ii. Need to be redesigned or adjusted,
     iii. Should be discontinued, repurposed, or combined.
   ○ Create a plan for resource allocation for existing programs and projects.
   ○ Implement plan to expand professional competition in North America.

3. Year 3
   ○ Expand the volunteer base for existing programs and projects by creating redundancy in volunteers. Ideally each (non-Board or Executive-level) position could be shared by two or more volunteers.

New and Pipeline Programs and Projects
1. Year 1
   ○ Create a complete list of proposed programs and projects, as well as willing staff or volunteers.
   ○ Create a complete list of resources needed for proposed programs and projects.
   ○ Determine protocols for funding pilot programs from reserve funds.

2. Year 2
   ○ Create a schedule for the implementation of proposed programs and projects, taking into account available material and human resources.
   ○ Determine a plan for funding successful pilot programs from annual revenue sources, rather than reserves, after the pilot period has elapsed.

3. Year 3
   ○ Audit pilot programs and projects to determine which
     i. Are functioning well,
     ii. Need to be redesigned or adjusted,
     iii. Should be discontinued, repurposed, or combined with other programs and projects.
   ○ Determine which pilot programs are
     i. Developed enough to graduate from the status of pilot program, and
     ii. Funded, and able to graduate from the status of pilot program.
